

Please contact your own state senator and representative plus the house and committee leaders who have the power to report out and bring bills on redistricting reform to their respective chambers.

Below is a list, with contact information, of our local representatives plus Speaker of the House, President Pro Temp of the Senate, and the heads of the relevant committees –

The House Elections & Apportionment Committee and the Senate Elections Committee. A sample script for these 4 individuals is below. You can use or modify it as you like.

Telephoning is the preferred method of contact, but for those of you who are phone-adverse, I have provided email addresses. You can also email any of the State representatives or senators at:

<https://www.indianahouserepublicans.com/forms/contact-your-representative/?f>

If you don't know who your Indiana state representative or senator is, you can find them at this site:

<https://iga.in.gov/legislative/find-legislators/>

If you prefer a letter, you can use the same mailing address for all of them:

Indiana Statehouse  
200 W. Washington St.  
Indianapolis, IN 46204

We would like a constant flow to all these legislators.

Here is the simple message to email your representative. Note that Siegrist and Alting have supported reform in the past. You can modify and use for yourself:

*I look forward to your continuing support for reform of the redistricting process in Indiana. We all know how important it is that elections be fair and competitive and be perceived as such.*

*Thank you for your past support on this supremely important reform.*
